

Intermediate Web Developer

iamsick.ca

Who we are

iamsick.ca is a social enterprise with a laser focus on simplifying access to healthcare services by helping Canadians find fast, easy, and appropriate care. Our digital health platform lets patients find nearby healthcare providers, book appointments online, see wait times from the comfort of their homes, and avoid long waits with our virtual waiting room. Healthcare providers benefit from our platform, because we help them deliver care more efficiently.

About the job

We are looking to fill an intermediate web development position to build, refine & implement services related to our digital health platform. If you think you're a good fit, we'd love to hear from you!

What you'll be doing

You will collaborate with the company's President & development team to see through the development of new & ongoing services. Some of your specific tasks may include:

- Building, refining and implementing web & mobile applications
- Product development, design, testing and implementation from kick-off to go-live
- Delivering a high-quality, stable application that fills unmet healthcare needs

What you'll need

- 2+ years of web development experience
- Strong familiarity with JavaScript frameworks
- Extensive knowledge of web & mobile frameworks
- Passion for working within an agile technology company
- Project management skills with an understanding of the big picture & technical nuances
- Experience building interactive web applications
- Experience defining & consuming APIs

Intermediate Web Developer

iamsick.ca

- Strong communication skills
- Interest in healthcare & improving access to care

Bonus

- Experience implementing and supporting hybrid mobile app frameworks
- Experience with Ruby on Rails
- Experience managing a team and mentoring junior developers

What we offer you

- Health benefits
- A fun work environment with interesting projects and exciting challenges
- You will be a part of a team striving to make a positive impact in Canadian healthcare
- Engaging work environment that fosters innovation and professional development
- We value the perspectives of all team members. Your opinions will help guide our products and processes
- Our home base is conveniently located in downtown Toronto across the street from MaRS... steps from the Queens Park TTC Station

Job Type

Full-time
